

# *Postdoctoral Opportunities in*

## **Early Childhood Personnel Technical Assistance Center**

The Early Childhood Personnel Center ([www.ecpcta.org](http://www.ecpcta.org)) is a national Technical Assistance Center funded by the Office of Special Education program, at the US Department of Education. The purpose of the ECPC is to provide leadership at the national, regional and state level to state education agencies, lead Part C agencies, early care and education agencies, Institutes of Higher Education, and other professional development entities responsible for the preparation, credentialing and continuing education of those providing services to infants and young children with disabilities and their families.

**The ECPC is currently seeking qualified postdoctoral candidates for positions with the center.**

Learning opportunities for a postdoctoral position include:

- Developing and evaluating state wide technical assistance activities to develop an integrated and comprehensive early childhood system of personnel development.
- Participating in research teams examining early childhood personnel preparation models.
- Grant writing and manuscript preparation.
