A Comprehensive System of Personnel Development (CSPD)

Addresses the following challenges:

- Shortages of personnel
- Need for additional training at both the preservice and inservice levels
- Discrepancies with state adherence to national competencies and standards
- Challenges faced by EC personnel due to the diverse needs of young children served
- Inequities of preparation and compensation among those providing services
An **Effective Comprehensive System of Personnel Development (CSPD)**

- Coordinates and addresses state needs for quantity and quality of EC personnel and their degree of support required.
- Acknowledges the coordination between pre-service and in-service personnel development (PD) to ensure consistency of practice.
- Stays informed through ongoing evaluation via multiple sources and monitors the results and capacity to implement child and program quality standards.
Why do we need a CSPD?

- A CSPD is the primary mechanism by which a state ensures that infants, toddlers, and young children with disabilities and their families are provided services by knowledgeable, skilled, competent, and highly qualified personnel, and that sufficient numbers of these personnel are available in the state to meet service needs.

- An effective CSPD is key to promoting both effective practices and the implementation of legal requirements as determined by the IDEA.

Tips to use when recruiting families to participate in the state Comprehensive System of Personnel Development (CSPD) team.

1.) PROVIDE BACKGROUND INFORMATION

Provide detailed background information prior to any meetings so everyone is on the same page.

2.) PROVIDE ACRONYM LIST & LIST OF TERMS DEFINED

Provide resources so everyone knows what is being discussed, don’t assume everyone understands the terms being used. Acronym List

3.) PROVIDE A WELCOMING ENVIRONMENT

Offer an opportunity for everyone to speak and invite them to participate. Are there often families participating? If so, do the families have an opportunity to connect.

4.) WHAT ARE THE EXPECTATIONS TO PARTICIPATE?

Make sure the family knows what is expected of them, reading ahead of time, time and location of the meeting, parking, lunch options, dress attire. Is there a virtual option?

5.) BE INFORMATIVE AND APPROACHABLE

Provide a mentor or someone for the family to connect with prior to the meeting and as a follow up to see if they have questions.

Provide A Welcoming Environment

Offer an opportunity for everyone to speak and invite them to participate. Are there other families participating? If so, do the families have an opportunity to connect.

- Get to know each other
- Don’t form “clicks”/ensure teamwork is stressed

Lessons Learned so far...

- Have a dedicated core team in place (if a member is lost to relocation, promotion...make sure the new team member is up to speed)
- Core team leaders should already be assigned to their subcomponent workgroup prior to the first meeting with strategic workgroup
- Share the tools with everyone – families and professionals
- Family contracts are important: shows investment, partnership, value/importance. (all family members are co-leads in their subcomponent workgroups)
- Core team leaders and family co-leaders should be introduced prior to first large group meeting if possible.
“Inclusion is not about physical proximity. It is about intentionally planning for the success of all.”
